Prices for other training packages on request.

A **training package** contains - depending on the module - different items and services: training material, use of presentation slides, training videos, hardware, software, worksystem descriptions for the videos, data cards, module test, repetition questions, forms, application and examination fee, certificate, confirmation of participation, cards. Daily rates for an instructor are **not** included in the training packages.

Instructors have free-of-charge access to a protected area on <https://training.mtm.org/?lang=en> to download additional information for running a training.

For every in-house training **one invoice** will be issued. For every additional invoice required by the customer (e. g. addressed to different locations or departments) an extra fee will be charged.

The training packages are provided in digital form only.

Pursuant to § 4 Ziff. 22 "Umsatzsteuergesetz" (VAT law) no VAT is added.
